

# JUNIOR PROJECT MANAGER

Job posting, full-time/part-time (m/f/d)

Location: Innsbruck, Tyrol

*EBERWEIN develops and manufactures hardware products in the areas of Embedded & IoT, Audio, Medical, Sports and Automotive.*

*As specialist in design and serial production, we have been releasing mid and high-volume products for renowned future-oriented enterprises, predominantly in Germany, Austria, Switzerland, the UK and the U.S.*

- Scope of responsibilities**
- You will accompany and support our team during new product development processes all the way to serial production.
  - After several weeks of initial training, you will be independently in charge of communicating with customers, suppliers, and our team in Hong Kong.
  - Maintenance of development documentation

- Basic professional profile**
- You have graduated from an Austrian HTL or a similar secondary engineering school.
  - A good command of English
  - You are conscientious and independent in your work as well as confident in your personal appearance.

- Extended professional profile**
- Current enrolment in a university program in engineering or business administration (part-time is acceptable)
  - Experience in working with MS Project
  - Design experience with NX or SolidWorks

- Our Offer**
- Work in an experienced and dynamic team with flat hierarchies
  - Participation in the design of industry leaders' future products
  - Challenging and interesting projects as well as corresponding career opportunities
  - Yearly salary (before taxes) beginning at EUR 35,000. Depending on your extended professional profile, overpayment may be possible.

- Application** Please send your application to [application@eberwein.at](mailto:application@eberwein.at)
- When submitting your application, please add the following statement: "I hereby give EBERWEIN permission to store my data in accordance with GDPR 2018 until such time as I revoke it, and to use it for any future job applications."

Innsbruck, 4 November 2022
