

PROJECT MANAGER

Job posting, full-time/part-time (m/f/d)

Location: Innsbruck

EBERWEIN develops and manufactures hardware products in the areas of Embedded & IoT, Audio, Medical, Sports and Automotive.

As specialist in design and serial production, we have been releasing mid and high-volume products for renowned future-oriented enterprises, predominantly in Germany, Austria, Switzerland, the UK and the U.S.

- Scope of responsibilities**
- After several weeks of initial training you will manage new development projects all the way to serial production, while independently coordinating the project teams.
 - Resource management and project scheduling
 - Independent communication with customers, suppliers, and our team in Hong Kong
 - Maintenance of development documentation

- Basic professional profile**
- You have graduated from an Austrian engineering HTL or a similar engineering school
 - A good command of English
 - You are conscientious and independent in your work as well as confident in your personal appearance.

- Extended professional profile**
- A university degree in engineering or business administration
 - Experience in working with MS Project
 - Design experience with NX or SolidWorks
 - International study or work experience
 - Relevant experience in one of our core industries

- Our offer**
- Arbeit in einem erfahrenen dynamischen Team mit flachen Hierarchien
 - Mitgestaltung der zukünftigen Produkte unterschiedlichster Branchenführer
 - Herausfordernde und interessante Projekte sowie entsprechende Aufstiegsmöglichkeiten
 - Brutto Jahresgehalt ab EUR 40.000,-
Abhängig von weiteren Qualifikationen besteht die Möglichkeit einer Überzahlung.

- Application** Please send your application to application@eberwein.at
- When submitting your application, please add the following statement: "I hereby give EBERWEIN permission to store my data in accordance with GDPR 2018 until such time as I revoke it, and to use it for any future job applications."
